PROJECTS

Lego Robot

- Engineered a versatile robot using LabVIEW, capable of performing multiple tasks such as walking, tracking black lines, detecting colors, and measuring object weight concurrently
- led a team in the preparation and design of a notebook using the design process

BMI Calculator

- Developed a Python script to calculate exercise intensity levels and calories burned per hour based on user inputs, demonstrating proficiency in Python programming and mathematical modeling.

WORK EXPERIENCE

Chipotle

June 2021 - Present

Line Worker

- Deliver exceptional customer service, consistently exceeding expectations by offering tailored recommendations and resolving inquiries effectively
- Demonstrate efficiency in preparing customized orders within a high-demand, fast-paced environment, maintaining strict food safety and hygiene standards
- Showcased adaptability and strong teamwork, seamlessly transitioning between various roles to support smooth daily operations and uphold Chipotle's commitment to quality service

City of Twinsburg

Seasonal Summer

Lifeguard

- Ensured the safety and well-being of pool patrons as a vigilant lifeguard at a large community pool, responding swiftly to emergencies and maintaining a safe swimming environment
- Actively led swim lesson programs, assisting in the instruction of participants to enhance their water safety and swimming skills
- Demonstrated adaptability and teamwork by seamlessly transitioning between lifeguard duties and swim lesson assistance, contributing to the overall success and enjoyment of pool activities
